

# DP World

DP World has a portfolio of more than 65 container terminals across six continents, including India, Africa, Europe and the Middle East.

## Problem

DP World had fixed and emergency security service requirements relating to DP World Melbourne, DP World Sydney, SP World Brisbane and DP World Fremantle

## Solution

- Wilson Security was awarded the security contract in August 2016 and was chosen for their maritime experience, additional value-added service capabilities, tailored training packages, innovative reporting, communications systems and national footprint.
- The services Wilson Security provide include Maritime Security Guards (MSGs), patrols, occupational first aid response and much more.
- Wilson Security has strategically invested in developing an offering to the Australian Maritime Sector that is unrivalled.
- The ability to provide a completely integrated service of MSGs complemented by Maritime Industry Specific Training Courses and Maritime Security Consultancy Services at no additional cost is unmatched.
- Wilson Security is a valued partner for DP World as we have demonstrated considerable improvement in the delivery of guarding services and meeting their needs in what can at times prove to be a very demanding environment.

“ Wilson Security were awarded the National Guarding Contract for DP World Australia on 1 Aug 16. Wilson Security were selected to provide these services to DP World based on their commitment to compliance, innovation, management commitment and their experience in the Australia Maritime Sector.

After a successful transition, Wilson Security has proven that they are a valued partner for DP World and have demonstrated considerable improvement in the delivery of Guarding Services to DP World and meeting our needs in what can at times prove to be a very demanding environment.

Brian Mason, National Security Manager, DP World Australia
